The Board of Selectmen of Lebanon, N. H.:

Acting under your authorization we have audited the accounts of the Town of Lebanon for the year ended January 31, 1926 and submit herewith a balance sheet as at that date and a statement of receipts and disbursements for the year then ended.

All recorded receipts of town monies were traced to the banks, disbursements of funds were found to be supported by proper vouchers and we reconciled the selectmen's record of receipts and disbursements with the treasurer's cash book.

Cash was verified by confirmations obtained directly from depositories, except that the amount \$2,664.26, shown by the books as being on deposit to the credit of the New Town Hall Building Committee in the Peoples Trust Company on January 31, 1926 was not confirmed to us by the agent of the Board of Bank Commissioners in charge of that bank. We accounted satisfactorily for all other assets, except supply inventories, which could not be checked by physical count because of weather conditions.

Notes payable and bonds outstanding as of January 31, 1926 were confirmed by independent investigations.

The following accounts were audited by us for the year ended January 31, 1926 in addition to the town's general accounts:

Trustees of Trust Funds  
Lebanon Public Library

Treasurer of the Lebanon Cemetery Committee

All recorded receipts and disbursements of the foregoing were satisfactorily accounted for and all funds on deposit to the credit of these divisions on January 31, 1926 were verified directly with the depositories. The Trustees of Trust Funds have received a liquidation dividend of 33 1-3 per cent. from the Peoples Trust Company on account of

monies on deposit in that bank when it suspended payments.

Subject to the foregoing comments we hereby certify that, in our opinion, the attached balance sheet and related statement of receipts and disbursements set forth correctly the financial position of the Town of Lebanon, New Hampshire as at January 31, 1926 and properly present its financial transactions for the year ended on that date.

Emma M. Morris, Librarian.

A larger appropriation is much needed. Too many people are turned away because there are not enough copies of certain books to supply the demand

Books for the student and for the workman on scientific subjects are needed as well as fiction; and carefully chosen books for the children. Last November "Children's book week" was observed. Posters were made by Miss Messer's pupils which were finely done and much admired. Flowers were given by Mr. Haskell and Mr. Emerson and the library tables covered with attractive books and catalogs to guide in the selection of books for Christmas

Come one and all next November and encourage the efforts being made for the pleasure and profit of our town.

Emma M, Morris, Librarian.

## HEALTH OFFICER'S REPORT

The health condition for the Town of Lebanon for the past year has been very good up to the first of November, at which time 4 cases of Diphtheria developed, with one death.

An epidemic of Scarlet Fever started the middle of December and 51 cases, up to the middle of February, with 3 deaths. A few cases of Measles in town, and 1 case of Infantile Paralysis.

The co-operation of the school nurse and the teachers has been of great help in locating communicable diseases and lessening their spread through the community.

A great deal has been done during the past year to better water conditions and an investigation is being made by the State Board of Health with a suggestion of placing septic tanks at Enfield the source of our water supply.

Harris B. Hazen, Health Officer.

## REPORT OF MILK INSPECTION

The reports received from our State Chemist on samples of milk taken from the Lebanon producers the past year are very gratifying inasmuch as they have all showed well above the statutory limits as regards solids and fats, and show that the milk has been produced under sanitary conditions.

The same method has been carried out in regard to inspecting stables, milk rooms and taking of samples as in previous years with the result that Lebanon is getting a very satisfactory lot of milk.

W. B. Mowers, Milk Inspector.
